Current Stage

Crypto.com, the pioneering payments and cryptocurrency platform, seeks to accelerate the world's transition to cryptocurrency. On November 16th, Metropolitan Commercial Bank and Crypto.com announced that the companies are preparing to rollout the MCO Visa Card program in the United States. This comes after the October card launch in Singapore. To date, over 100,000 MCO Visa Cards have been reserved globally. Crypto.com Pay was implemented in Ledger's online store in December, making the Pay platform accessible to mass consumers. The Crypto.com team is committed to rapidly increasing the number of tokens available on the platform and striving for rapid expansion in the cryptocurrency market.

Risk

Monaco is a token which is committed to enabling people to use cryptocurrencies through VISA cards in reality. Currently, it has issued more than 100,000 cards. However, it is still unclear whether it can provide users a reasonable real time exchange rate. Additionally, there are certain risks in transaction speed, and government regulation.
