CC: The technical foundation or idea has considerable problems and the project carries large risks.

C: The technical foundation or idea has substantial problems and the project suffers from extremely large risks.

D: The project is riddled with problems and carries an extremely high risk of failure.

## Risk

Status is an instant messaging platform and DApp ecosystem based on Ethereum. It has released its beta version product and has made some progress in ecosystem construction. Only a small proportion of its tokens are now in circulation, and its future development depends on the performance improvement and ecosystem construction of Ethereum. Currently, its product is equipped with limited functions and might face direct competition from the traditional Internet industry in the future.

## Summary

### Team

#### Co-Founders, Jarrad Hope & Carl Bennetts

- Serial entrepreneurs, both have years of experience in senior management
- Details of their past experience are insufficiently disclosed

#### COO, Nabil Naghdy

- 2010 - 2017: Product Manager at Google
- 2009 - 2010: Co-Founder of CtrlShift, a marketing&advertising firm

#### Lead Developer: Roman Volosovskyi

- 5 years of work experience as software developer before joining Status

## Project

### Status App

The Status App is a product released by Status project and works as an instant messaging application equipped with ETH wallet and DApp browser functions. The public beta version is currently available for both Android and iOS. The App's primary function, instant messaging, uses a peer-to-peer protocol and enables its users to communicate in a decentralized and encrypted way. Additionally, with a built-in ETH wallet, the App lets its users to transfer tokens to other users and make payment in DApps.

### SNT Token

The SNT token is an ERC-20 token issued by the Status project and it provides its holders voting rights on the Status network. The token can also be used as gas and to purchase services in the Status ecosystem.

## Ecosystem

**Market Cap:** \$ 145,492,735

**Ranking:** 53

- The Status App now supports over 25 DApps
- The project has over 107,000 followers on Twitter and 12,329 on Facebook
