Current Stage

In terms of platform development, Stratis finished the deployment of the full node in mid-december 2018.

In terms of cooperation, Stratis has recently received Microsoft's ISV (Independent Software Vendor) certification, which can contribute to winning more business resources and incubation opportunities during Stratis' development.

In addition, Stratis and MediConnect set up a strategic cooperation tie, and Stratis will help this project to realize tokenization in the medical sector.
